

Material

Main: 100% polyester (37.5® 45%); 185 g/m2
Reinforcements: 77% polyester, 23% cotton; 230 g/m2

In fabrics with 37.5® technology, patented natural active particles permanently embedded at the fibre level capture and release moisture vapour.

37.5® Short Sleeve Polo Shirt

A good looking polo shirt reinforced with rip-stop fabric for extreme endurance and great workday comfort thanks to 37.5® Technology. The waffle structure of the fabric increases moisture transport making this a great shirt for every active workday.

- 37.5® Technology for comfort and climate control
- Arms reinforced 37.5 rip-stop fabric
- Waffle structured fabric for excellent moisture transport
- Ribbed collar and sleeve-ends
- Large area for profiling
